## REACH Statement

Dear Sir or Madam

**Regulation (EC) No 1907/2006 of 18 December 2006** regulates the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH). The use of affected chemicals listed in the Candidate List of substances of very high concern (SVHC) published by European Chemicals Agency (ECHA) has to be registered.

Basler AG is not subject to any registration obligations as we neither produce substances and/or mixtures nor import them. All chemical substances/mixtures in our products that may require registration must be registered by our suppliers.

Through close contact and communication with our suppliers, to our knowledge none of the products we sell contain any listed SVHC. In case we become aware of the presence of an SVHC, we will, in accordance with Article 33 of above-mentioned regulation, attend to the duty to communicate information on substances in articles.

Further, we will inform you

- about all relevant product changes due to Regulation (EC) No 1907/2006
- whether the deliverability of current orders is affected
- if already delivered products are affected
